Engineering Complex Fire Pump -- Building 825

Electrical Outage

Impact Message:

All power fed from sub feeder #4 will need to be redirected from secondary source, if possible. The impact to those buildings, with the exception of the construction trailers for the Multi-disciplinary Research and Engineering Building (MREB), Building 484, will be a 1 to 5 minute momentary loss of power at the beginning and the end of the outage. Except for those minutes at the beginning and the end of the outage the building will have normal power. A complete listing of the buildings affected and the impacts to that building are provided in the below table. All necessary UH Facility Services Shops will have staff available at the beginning and the end of the outage to ensure that all building systems come back on-line and are restored to their functionality prior to the outage.

For the construction trailers at MREB, no power will be available during the outage.

Buildings Affected:

The following provides a list of the buildings affected by the outage, their building number, the names of the Building Coordinators, and the specific impact to the building.

Building	Building #	Building Coordinator	Impact To Building
MREB Construction Trailers	484	Ken Perlowski	Loss of power for the duration of the outage
Engineering 1	579	Ken Perlowski	1- to 5-minute loss of power at the start and end of the outage
Engineering Lecture Hall	580	Ken Perlowski	1- to 5-minute loss of power at the start and end of the outage
Engineering 2	581	Ken Perlowski	1- to 5-minute loss of power at the start and end of the outage
Calhoun Lofts	518	Shannon Reed/ Mackenzie Wysong	1- to 5-minute loss of power at the start and end of the outage
College of Architecture	543	Mary Benham	1- to 5-minute loss of power at the start and end of the outage
Fine Arts	589	Andrea Johnson	1- to 5-minute loss of power at the start and end of the outage
Law Library	540	Spencer Simons/Allen Emerson	1- to 5-minute loss of power at the start and end of the outage
Krost Hall	539	Allen Emerson/Robert Gonzalez	1- to 5-minute loss of power at the start and end of the outage
Teaching Unit 2	538	Allen Emerson/Robert Gonzalez	1- to 5-minute loss of power at the start and end of the outage
Bates Law	537	Allen Emerson/Robert Gonzalez	1- to 5-minute loss of power at the start and end of the outage
