

Finding the Next Big Thing

The University of Houston is committed to the success of our students. To that end, UH will develop a five-year quality enhancement plan (QEP) to enhance undergraduate student learning within the framework of the university's mission and goals.

Help the university identify the next QEP by submitting a two-page proposal on a plan to significantly improve student learning at UH. Several town hall meetings will outline what is expected in the proposal. Please attend one that fits your schedule. All UH faculty, staff, and students are encouraged to submit.

Town Hall Meetings

Open to UH Faculty, Staff, Students and Community Members

September 1, 2016

10:00 am

Student Government Association
(SGA) Senate Chambers
Student Center North, Room 204
