

Faculty Development Workshop Series

“Helping Students of Concern”

Dr. Rune Moelbak
UH Counseling and Psychological Services

Are you wondering how to handle a student that comes to you who is clearly in distress? What should you say? How should you respond? Who should you notify on campus if the student is suicidal, a victim of sexual assault, or is being stalked? How can you ensure the student connects with the Counseling and Psychological Services (CAPS) Center?

Join us for a discussion of these issues and pick up tips for assisting your students and guiding them to the appropriate campus resources.

Friday, October 13, 2017
MD Anderson Library Room 306
12:00-1:00 pm

Lunch will be provided. Please arrive a few minutes early.
Please RSVP by October 9th using the link below:
