

Are you pursuing a degree in Engineering, Science, Technology, or Geoscience? Come to our

First General Meeting

“Professional Leadership from the Modern Day Engineer” presented by Dr. Paul Jukes

Learn about the starting up an LLC, Factors for Success, Important Aspects of Leadership, Level 5 Leadership, Importance of Goal Setting, and Tools for Success. We will include our organization history, elections for next year's board members, future events and more!

Date: Wednesday, March 2nd @ 6:30pm

Location: Melcher Hall Room MH 150

Join us to learn more about SES, upcoming events, and Professional Leadership from industry experts.
